**Leadership changes in Sansei Technologies Group to expand market leadership position in amusement ride division**

**Sansei Technologies Group appoints as from January 1st 2024 Har Kupers as Corporate Executive Officer of Sansei Technologies, Inc. and Chairman of Vekoma Rides BV and S&S Worldwide Inc, Anne-Mart Agerbeek as CEO of Vekoma Rides BV and Jason Mons as CEO of S&S Worldwide Inc.**

Sansei Technologies (Tokyo Stock Exchange: 6357), global player in the field of Amusement Rides, Stage Equipment, Elevators and Specifically Designed Equipment, announces three leadership appointments in their group.

Mr. Har Kupers has been appointed as Corporate Executive Officer of Sansei Technologies, Inc. and Chairman of both Vekoma Rides BV and S&S Worldwide Inc., where he will oversee their operations within the Sansei Technologies Group. Prior to this appointment, Mr. Kupers contributed over 34 years to Vekoma Rides BV (and its predecessor), a subsidiary of Sansei Technologies Group and a global leader in rollercoaster rides. Of those 34 years, he served as its CEO for the last 5.

Simultaneously, Ms. Anne-Mart Agerbeek, who is currently CFO of Vekoma Rides BV, will take on the role of CEO for Vekoma. Similarly, Mr. Jason Mons, currently the President and COO of S&S worldwide Inc., will assume the position of CEO of the latter company.

"Mr. Kupers has proven himself extensively in the amusement ride industry, particularly in the areas of quality, safety, and innovation," said Mr. Noboru Rachi, president and CEO of Sansei Technologies. "Our commitment in these areas is fundamental to our client promise. Therefore we are very happy to use his extensive knowledge and expertise for not only Vekoma Rides, but also for S&S Worldwide."

Both Ms. Anne-Mart Agerbeek and Mr. Jason Mons have a strong track record in leadership in different roles and substantial working experience in the amusement industry.

Therefore, I am confident that with the appointment of Mr. Kupers, Ms. Anne-Mart Agerbeek and Mr. Jason Mons and their consistent leadership in these areas, the growth ambitions of Sansei Technologies Group will be realized in a manner that best serves our clients and shareholders."

### **About Sansei Technologies**
