Suspended Dark Ride

Sansei's Suspended Dark Ride consists of multiple number of individual, non-connected vehicles. The vehicles are suspended and guided along the ride track by a special vehicle mounted bogie assembly. Theming of the vehicle can be customized in many different ways. Onboard audio, lighting and interactive systems can be incorporated in the vehicles.

- ✓ Track Length : 100-200 m
- ✓ Capacity : 2-4 persons
- ✓ Vehicles : 10-17 vehicles
- ✓ Speed : 0.9-1.5 m/s
- ✓ THC : 360-830 pph
- ✓ Ride Cycle : 4-7 min
